E.T., The extraterrestrial, made its first appearance in 1982 and sent the country into a big love affair with an 800-year-old gnome from outer space. Nothing would ever be the same again.

X has always marked the spot for anything and everything. In the 1983 Totem Pole it marks the spot where a class of 163 teenagers grew up together and recorded the process forever.

The past, the present and the future are represented here.

Time—the present is represented by our "now" signing of the book and giving each other messages of our feelings.

Time—the future when we will open the book and let out the Pandora box of memories.

Reminiscence or recall—is the express purpose of this book. The pictures and copy in this book are to trigger your memory so that there will be a flood of recollections of the fun we had in the halls of Bonner Springs High School.

Adolescence—We have just taken that quantum step from adolescence to adulthood when we will become the citizens we have been taught to be by our caring parents and dedicated teachers.

Adventure—How we enter into the adventures of life to be enjoyed, challenged, responded to, cried over, laughed over and forever thought of as a grand adventure.

From school lunches to wild romances senior life can be fun!

Classes seem to be full of excitement from day to day.

Parents follow teen school day

Various clubs set up tables at Open House, pictured above, Lori Harris and Rhonda Newton tend to the FHA display. Meanwhile, below, a parent studies her child's schedule during class time.

Tables covered with yearbooks, spirit pins, candy bars, and film projectors lined the Commons Area on October 26, 1982, the night of BSHS Open House. Parents, who were organized enough to arrive early, paraded down the hall to examine various club displays. At 7:00 the mimes began to assemble the parents in the auditorium to hear Mr. Stokesbury's welcoming speech. As parents lived out their child's normal school day on a smaller scale, they found the desks to be uncomfortable and the stairs torture. Third hour brought role call, many absent parents, and unexcusable tardies. Those students and parents who attended, experienced an enjoyable evening, ending in the lunchroom with cinnamon rolls and beverages.

ACHIEVEMENTS

Victoria likes to show her intelligence and knowledge. Quite frequently Vickie is caught in the library reading up on the latest subject.

One of the most prestigious awards is the Citizenship Award. The criteria for the award include such measurements as respect for the flag, Constitution and National Anthem, as well as respect for fellow students, community, property and religious convictions of others. The Award includes responsibility to build school pride and assume citizenship responsibilities. And finally, a reverence and concern for life. Vickie has demonstrated these traits in abundance.

Vickie, short for Victoria, enjoys nature as well as studying in book.
The class of 83 is proud to announce that they have three Valedictorians Becca Berning, Kim Palmberg, and Sheri Leitzen. With grade point average of 4.00, and one Salutatorian, Victoria Burns running a close grade point average of 3.961 throughout their prep education.

The Seniors presented an assembly to the student body February 4. The activities centered around trips through different times. The athletes that played in football and basketball were acting as cave men. Then they took you to the far west to where the cowboys were training the students how to rope mid-air. Following the cowboy act was the western dancers. Once again the time changed to the exotic space cosmic cheerleaders. All of these different skits combined together for a big success.
with an exciting school assembly
Embarrassing and exciting moments for seniors.

During the Senior Dinner, which was held in the commons on April 25, the seniors shared each others embarrassing and exciting moments that was thought to be private and not public. Such as to the left the idea of swimming without a swimsuit was Shelley Carson's way of cooling off. To the right, Patrick Kelley presents the time for Kevin Ritchie to give his astonishing laugh. Some of the students were set up by there so called friends, but at the end of the fun and laugh, love was shown throughout the senior class.
The seniors share intimate moments toward one another, by spilling the beams that never was told but never forgotten. Sharing and caring was the name of the game. Below: Mr. Stokesbury, principal, expresses his gratitude to the class of 83, appreciating the leadership being led by the seniors and congratulations on a job well done.

Acapella makes the evening special by setting the mood for the Seniors. Rev. Bob Farthing preaches the sermon with fire.

At Left. Seniors await anxiously. At Right, Rev. John T. Owens delivers the Invocation.
Becki Benard, an usher, leads anticipating seniors to their seats. An overview on the class of 83, during commencement makes the atmosphere glorious. The seniors contemplate what they will do after graduation. Above right several of the seniors give audience to the address of the valedictorian and salutatorian. Many of the graduating seniors, such Roy Nunn, Charles O'Brien, Jacquelyn Owens, and Kimberly Palmberg, think of the journey ahead. The band renders music during the commencement exercise.
The graduates wait until all are in position. The faculty watches the oncoming graduates with enthusiasm, as they fill their places.

The seniors recall the happy moments shared together, that would truly be missed. To the right: The caps were released as the 1983 graduating class were pronounced high school graduates.

Above: A serious time during commencement take place as everyone silently prays for the departure of the graduates.

I'm sweet and neat and can't be beat.

I'm pure as gold and also bold
But after me, God broke the mold.

I clown a lot, but very mean
I'm very tidy and also clean.

Without me the world would be dull
Cause I wouldn't be here to spread the bull.

You've had 16 years of teaching
16 years of cheers
16 years, of now retiring
Bonner will miss you, my dear.

Thanks Students for a great year
We come to the end of another school year, one that was started with great expectations. The comradeships, the activities, the daily goings and comings had a spirit to them that kept us happily involved in school activities. The expectations were realized in most cases. The participation in school activities seemed to be more enthusiastic than ever. The dynamic energy of the Class of '83 vibrated throughout the halls of Bonner High and memories were made, friends were cherished, teachers were enjoyed and the school year was an experience.

A special thanks goes to Mrs. Wind, who was dedicated in her work, Mrs. Oden, who helped when Mrs. Wind couldn’t be here.
